

## OIL 140 3MP Oil Line Vacuum Cleaner

The Kerstar OIL 140 3MP vacuum is both powerful and efficient, featuring 3 x 230v by-pass motors that generate an impressive 510 m<sup>3</sup>/hr airflow. It provides significant cost savings by recycling liquids, as it can collect both solids and liquids simultaneously, separating them to allow the re-use of valuable coolant or oil in machinery. Despite its compact size, the vacuum has a large capacity, holding up to 140 liters of oil or coolant and 35 liters of swarf or solids. This system reduces machine downtime and increases productivity by offering a quicker method of cleaning. Additionally, a variety of tools and accessories are available to suit most applications.

OIL140 3MP

### FEATURES

- 3 x 230V Bypass motors producing an impressive 510 m<sup>3</sup>/hr airflow
- 140 litre oil/coolant liquid capacity
- 35 litre swarf or solids capacity
- M Class cartridge
- Oleophobic sponge
- Drain Hose
- Stainless steel chip separator bucket with fine weave nylon filter
- Submersible pump with double floater
- Integrated floater for automatic shutdown at maximum liquid level

### TECHNICAL SPECIFICATION

**POWER**  
230V - 50Hz

**WEIGHT**  
80kg

**LIQUIDS CAPACITY**  
140 litres

**LENGTH**  
800mm

**SOLIDS CAPACITY**  
35 litres

**WIDTH**  
680mm

**MAX DEPRESSION**  
230 mBar

**HEIGHT**  
1520mm

**AIRFLOW**  
510 m<sup>3</sup>/h

**HOSE INLET**  
60mm

**FILTER CHAMBER  
DIAMETER**  
460mm

**FILTER**  
M Class Cartridge
